A representative group of Arlington Boys' Club members appeared at Police Headquarters recently to present a newly designed "Sponsor" plaque to the man who 11 years previously had inaugurated the idea of a Boys' Club for the Town of Arlington.

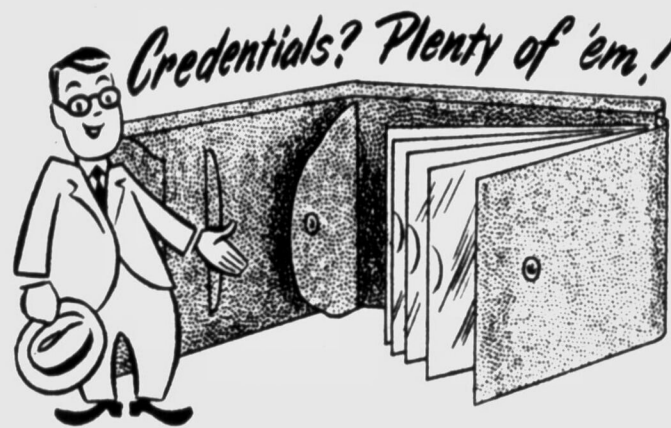

It was one of the happiest moments of the day, his 19th anniversary as chief of the community's protective force, for Chief Archie F. Bullock when the five youngsters were ushered into the big office.

Three Boys Plunge Through Ice, Saved

MAN ARRESTED IN CAB HOLDUP

Wanted for a holdup of a cab driver in East Arlington early Monday morning, an East Arlington man was arrested by Arlington police inspectors, in Boston, Tuesday forenoon.

The cab driver, Ernest J. Powell of 623 Massachusetts ave., Boston, reported he had been held up at gunpoint on Thorndike st. by a man whom he had driven out to Arlington. After taking the driver's money, the man fled with the cab, Powell told police. He was able to give a good description which led to the arrest the following day.

The cab was found abandoned after it had struck a pole on Aberdeen ave., Cambridge, shortly after the holdup.

Firemen Battle Two-Alarm Fire

A family was driven out in a two-alarm fire which broke out in the 2 1/2 story wooden dwelling house at 95 Harlow st., about 11 o'clock Saturday night.

The fire spread through the partitions and gave firemen a stubborn battle. Recall was not sounded until 3 a.m. Sunday.

The police shifts were about to be made when the double-alarm fire broke out, and police going off duty after their early night shift went to the scene of the fire to do extra duty, thus making available an extra large number of officers.

Defective wiring in a bathroom wall on the second floor started the blaze, according to Chief Richard J. Tierney. The fire spread quickly to the dining room, living room, and attic, finally breaking through the roof.

The occupants of the apartment were away at the time, but Mr. and Mrs. John Carroll, who live on the first floor, were driven out, although the fire did not reach their apartment.

The dental clinic for pre-school children, sponsored by the Board of Health, will reopen at the Robbins Town Hall next Monday. Sessions will be held Monday, Tuesday and Friday from 8:30 to 11:30 a.m.

Risking his own life, John H. Emerson of 44 Hopkins road, head of a Cambridge manufacturing firm, walked out on thin ice about 150 feet from shore and pulled two boys out of the cold waters of Spy Pond after they had broken through the ice last Saturday forenoon.

Within a half-hour after, a third boy broke through about 30 feet from shore off Linwood st., but managed to crawl back onto the ice and make his way ashore. He was taken home by Robert Grannan of 82 Orvis road.

First to be saved were William Connors, 9, of 206 Broadway, and Douglas Martel, 8, of 54 Tufts st. They were believed to be walking out to the island when the ice gave way. Fortunately, Mr. Emerson, who lives on the shore of the pond, happened to look out a window and saw the boys struggling in the water.

KATHY LALLY of 90 Valentine road, two-year-old victim of last year's polio epidemic, can't ride that bike yet but she will soon because of your contribution to the March of Dimes.

(Photo by Robertie)

Arlington, like many other communities, is far from its goal in the March of Dimes drive, William Sinclair, general chairman, said yesterday.

He appealed to the public to return their contributions in the folders they have received through the mail. Those who have misplaced their folders are asked to simply mail their donation to Clarence Marsh, Box 75, Arlington. Mr. Marsh is treasurer of the Arlington drive.

Contributions made locally are important since half of what is given stays in Arlington to help Arlington families. The drive ends next Tuesday.

ceiving stolen goods and of contributing to the delinquency of juveniles.

Police said the man was Azie Halaby of Cameron ave., Somerville, who operates a store on Webster ave., in that city. He was

arraigned in court Monday and his case was continued to the following day when he was fined \$20 by Judge Walcott on the charge of receiving stolen goods. Halaby was placed on probation on the second charge, according to police.

Chief Archie F. Bullock praised the officers for the quick arrest of the youths, and the inspectors for their part in "cleaning up" the five breaks.

The first arrests came shortly after 3 o'clock Saturday morning when patrolmen George C. Alexie and John Powers discovered a break at the Morningside Pharmacy, 471 Summer st. Within a few minutes they picked up two 16-year-old boys, one from Somerville and the other from Cambridge. A quantity of cigars and cigarettes, as well as money stolen from the store were taken from the boys.

Admit Previous Breaks

Questioned at police headquarters, the pair also admitted breaking into the same pharmacy and into the store at the Lake st. railroad station about a month ago. The Somerville man was picked up on information received from the boys.

A 15-year-old Arlington boy was arrested in another break in Arlington Center about 9 o'clock Sunday morning. A burglar alarm was set off when the juvenile left by the rear door of Alson's Shoe Store in the heart of the business district. Patrolman Francis Cook, who was doing traffic duty at Medford st., ran to the store and called police headquarters. Five officers responded to the call and the juvenile was picked up shortly afterwards. He also admitted breaking into the Regent Delicatessen at 305 Broadway, Arlington Center. Nothing was taken in either break, however.

Because of their ages, the names of the boys were withheld.

Young Democrats To Hear Governor

Governor Paul A. Dever will address the Young Democrats of Arlington and other Young Democrats of Middlesex County at the Hotel Commander next Wednesday evening at 8. The public is invited with special emphasis on the invitation to the younger members of the Democratic party.

Other speakers will be John Carr, chairman of the Democratic State Committee, and Mayor Edward A. Crane of Cambridge. The committee in charge is headed by Attorney Paul A. Good, former Arlington resident.

Hallam Ring Speaker Before Voters League

Hallam T. Ring spoke on town finances at an open meeting sponsored by the local affairs committee of the Arlington League of Women Voters at Robbins Library last Thursday evening.

He was introduced by Mrs. John Curtis, chairman of the committee. Mrs. Richard Bolt presided.

Mrs. Roy Freed spoke on the issues on the league's current agenda which will be presented at the national convention to be held in May.

The Sunshine Club held its first social meeting of the new year at the home of Mrs. William O. Partridge, 10 Claremont ave., last Wednesday.

The first business meeting was held at the home of Mrs. John E. Lenk, 12 Elmore st. Mrs. Richard E. Ambrose presided. The club voted to donate a sum of money to purchase a new incubator for the Symmes Hospital.

Board to Oppose Higher Rate for Street Lighting

Representatives of the Boston Edison Company met with the joint board of Selectmen and Public Works Monday evening to discuss a proposed increase in the rate charged for street lighting.

The Arlington board will oppose the increase which would cost the town \$2000 more per year if granted, according to Frank Nicksay, executive secretary of the board. The Edison company must first file a request with the State Department of Public Utilities for a public hearing on the proposed increase and the board must be approved by the DPU before it can go into effect.

Representatives Hollis M. Gott and Joseph McAvoy were also present at Monday's conference. Similar conferences are being held in the 40 communities in which street lighting is furnished by the Edison Company.

Woman's Club Group Enjoys Play Reading

The Junior Library Hall was the setting of a gay occasion last Thursday when the literature and drama committee of the Arlington Woman's Club presented a play reading of a three-act comedy.

The cast included Miss Edith Winn, Mrs. J. Philip Bower, Mrs. Theodore C. Gray, Mrs. Joseph Keefe, Mrs. Frank Carlson, Mrs. Howard McGovern, Mrs. T. Everett Van Iderstine, Mrs. Gordon Sanders, Mrs. Charles Cronin and Mrs. Clarence Cowler.

A coffee hour preceded the reading, with Mrs. Americo Chaves and Mrs. J. Milton Washburn, Jr., pouring. Mrs. Carl S. Bates and Mrs. Bernard E. Schaefer were in charge of refreshments.

spot where the boys went down. When about 15 feet from the broken ice, he crawled to the edge of the hole. One of the boys was already floating face up in the water. With the aid of the broom, Emerson dragged him onto the ice. Meanwhile the second boy went down under the surface, but the Arlington man managed to pull him out, as well.

As he ran out of the house to the pond, Mr. Emerson told his wife to call the police. The police ambulance and life boat, as well as fire department ladder truck were at the scene when Mr. Emerson dragged Connors and Martel ashore. The two boys were taken to the Symmes Hospital to be treated for immersion, after being given first aid by firemen.

Fire Chief Richard J. Tierney termed Mr. Emerson's act worthy of special recognition as an extraordinary deed of bravery. Living near the pond, Mr. Emerson was aware that the spot where the boys went down was open water on Friday and had frozen over only slightly before it was covered by the deceiving blanket of snow which fell Saturday morning. "If ever a man deserved to receive a medal for heroism, Mr. Emerson does," said the Chief.

Patrolman Charles Scannell, who was on duty at the Ye Lantern, spotted the third boy—Richard LaRose, 15, of 37 Brookford st., Cambridge — when the latter fell through the ice as he walked across the pond from Pond lane to Linwood st.

Officer Scannell telephoned police headquarters and a radio message was relayed to police cars already at Hopkins road. Fire and police equipment were rushed to Linwood st. However, the Cambridge boy managed to get ashore by himself.

Not so fortunate were two other boys who were drowned in similar accidents, in Melrose and Brockton, on the same day.

WHERE WERE THE POLICE?

How often have you heard the above question when a holdup has happened or when you've seen a car speeding through a red light. Those who may have suspected that the job of a police officer consists primarily of tagging cars for overtime parking will be glad to know that the Arlington police were right on the job when things began to happen this past weekend. They arrested three juveniles a few minutes after three stores had been broken into. They picked up a man who had held up a cab driver. One officer spotted a boy going through thin ice at Spy Pond and summoned aid in a minute. A small "army" of officers was detailed to a two-alarm fire, ready for action if needed.

Yes, it looks as though the police were everywhere. The officers who made the week-end arrests and the inspectors who spent many hours working on various angles connected with the store breaks, especially, deserve commendation.

HAVE YOU JOINED THE FIGHT?

Time is running out on the March of Dimes drive. Officially, the campaign ends next Tuesday and if Arlington is to come anywhere near its \$15,000 goal it is imperative that all the people of Arlington return their coin collection cards by Tuesday. The fight against infantile paralysis is everyone's.

It hardly seems necessary to remind our readers of the good work accomplished by the National Foundation for Infantile Paralysis. Families who live right here in Arlington have told how the entire cost of the medical and hospital care—amounting to thousands of dollars—for loved ones who have been stricken by polio has been defrayed by the Infantile Paralysis Foundation. Without exception, these families have related the sympathetic and generous assistance they have received.

Because of the large number of polio cases last year, the funds of the Infantile Paralysis Foundation are practically depleted. If its work is to continue, public support is the answer.

It is difficult to believe that the people of Arlington who con-

tributed more than \$12,000 to make the recent trip of the Arlington football team possible will turn a deaf ear to the polio cause. The above figure should be matched in this drive. We urge you to return your collection folder with your donation without delay.

BOWL GAME ECHOES

New Orleans Prelate Compliments Conduct of Arlington Players

In a letter of reply to Town Clerk James J. Golden, chairman of the Arlington Bowl Committee who had expressed the thanks of the people of Arlington for courtesies extended to the Arlington High football team and followers on their recent visit to New Orleans, Archbishop J. F. Rummel took occasion to comment on the splendid conduct of the Arlington team.

Archbishop Rummel's letter, written last Saturday, follows: "Dear Mr. Golden: 'May I express to you our genuine appreciation of the kind message that you transmitted to us on behalf of the Town of Arlington and especially the officials of the Arlington High School in connection with the Football Classic game played here on December 18 between the Arlington and the Warren Easton High Schools.

'For us it was certainly a great pleasure as well as an honor to welcome the group that made the long journey from Massachusetts in order to give distinction to our annual competition. Certainly all of us are delighted with the experience and confident that it has given great stimulation to athletic interest here in New Orleans and throughout this section of the Southland.

'With our sentiments of appreciation we include the cordial best wishes for the continued success of Arlington High School in promoting high type of athletic standards as well as outstanding ideals in the field of education. All of us were edified by the splendid respect and courtesy which characterized the relations of the Arlington boys with our Southern representatives.'

Selectman Sorensen Is Honorary Citizen of New Orleans, La.

Further evidence of the New Orleans hospitality shown the Arlington High School football team and Arlington officials and fans who accompanied the team to the recent Bowl game came to light this week.

Although Selectman Marcus L. Sorensen modestly said little about it, it was learned that he was presented the key to the city and made an honorary citizen of New Orleans while on the trip. Selectman Sorensen had a pleasant visit with Mayor Morrison of this host city, and attended a meeting of the City Council. He was introduced to the chief of the New Orleans fire department who placed a captain and car at his disposal.

While in New Orleans, Selectman Sorensen spent some time with Leon "Deke" Ogilvie, native of Arlington and star tackle on the football team at Arlington High. Having lived in New Orleans several years, Mr. Ogilvie proved an able guide for Mr. Sorensen as the latter visited places of interest.

Mr. Sorensen also visited with the Tulane University football coach while in New Orleans.

But, one of the town officials' prized possessions is the handsome certificate attesting to the fact that he is an honorary citizen of the Louisiana city.

Selectman's Post Sought by Donoghue

In response to the requests of many citizens of Arlington that he run for Selectman in the coming election, Stephen S. Donoghue, of 35 Hodge road, announced his candidacy for that office this week.

Mr. Donoghue is married to the former Mary A. Foley of Cambridge, sister of the well-known coach, "Sonny" Foley. The Donoghues have five sons, four of whom were in the service during World War II. One of the boys, John, is a survivor of the airplane carrier Wasp disaster. Two are connected with Mr. Donoghue in his business, the New England Boiler Setting Company. Another is a radio announcer while the remaining two are in Arlington schools.

During World War I, Mr. Donoghue was connected with the U. S. Steel Corporation in constructing industrial furnaces for the making of steel. Since 1919 he has been associated with many leading firms in building and erecting industrial boiler settings and refractory furnaces.

In 1928 he organized his own company which has been successful, doing a great deal of work for some of the largest industrial power plants in New England. Throughout World War II his company did a great deal of work for the U. S. Maritime Commission in connection with all types of ships at the Ports of Boston and New York.

Mr. Donoghue belongs to the National Association of Power Engineers, the Ninety-Nine Club and is a member of the St. Agnes Holy Name Society. He has been a property owner and taxpayer in Arlington for about 30 years.

—Dr. Clair E. Turner attended the annual mid-winter meeting of the board of trustees of Bates College on Saturday.

The NEWS OBSERVES

In a surprise move, Edward T. Ryan, former member of the Board of Public Works, took out nomination papers this week as a candidate for this office next March. Mr. Ryan has been a town meeting member for many years.

The Board of Selectmen closed the warrant for the annual town meeting Monday night. It contains no less than 65 articles, 22 of them relating to streets. We're in for a long session and the new moderator is certain to get plenty of experience.

As part of Boy Scout Week, the scouts in Arlington will visit the various town offices on Feb. 6 to see how their government functions. The police and fire headquarters will also be visited during the week.

Several automobile accidents occurred in Arlington as a result of icy road conditions Tuesday night, the worst this winter. Most seriously hurt was Anthony Peters of Roxbury whose car skidded into a pole and a parked car at the Heights late Tuesday night. He was taken to the Symmes Hospital in the police ambulance.

An appeal was made to the NEWS this week to help find "Donny," a large brown friendly dachshund wearing a Belmont dog license tag No. 4. The dog is the pet of Carl Page, 11, of 11 Frost road, Belmont, who has been seriously ill. "Donny" was taken care of at an Academy st., home in Arlington while the boy was in the hospital, and the pet, recently returned to Belmont may have wandered back here.

—Rev. David G. Colwell, minister of the Pleasant st., Congregational Church, returned home Sunday from the Symmes Hospital where he underwent treatment for virus pneumonia.

—The Democratic Town Committee met Friday night at the Robbins Town Hall. State Auditor Thomas Buckley was the guest speaker.

—Leonard W. Hoyt, USN, of 23 Sawin st., was recently advanced to fireman while serving at the Naval Operating Base, Bermuda, B. W. I.

—Lt. George S. Grey, USN, husband of Mrs. Mary C. Grey of 127 Broadway, recently visited the Rock of Gibraltar aboard the fleet oiler USS Waccamaw.

—M/Sgt. James H. Branscombe, the son of Mr. and Mrs. James Branscombe, 77 Maynard st., is attending the Air Transportability School while serving with the Occupation Forces in Japan.

**GOOD TIMEKEEPING
IS IMPORTANT**

Almost anybody with a few tools can take a watch apart. A few can put it back together again so that it will at least tick and no parts left over. But will it keep good time? The real reason why you wear a watch is to tell what time it is. At PETERSON'S good timekeeping is a must. Even though your watch only needs a crystal it is timed and regulated just as would be done to a complete repair job. The TIME MICROMETER, used at PETERSON'S proves it. Next time try PETERSON'S.

Visual Training Offered At Dr. Horley's Office

Visual training, an additional form of visual care, is being offered at the office of Dr. Donald W. Horley, local optometrist. Visual training will benefit many patients whose visual problems

DR. JOHN B. WHITNEY

cannot be completely relieved by corrective lenses.

While visual training is primarily a specialty of children's visual problems, many adults are helped by the same procedures. Crossed eyes, nearsightedness, and reading problems of visual origin are the most common of the visual conditions frequently improved by visual training.

Associated with Dr. Horley is Dr. John B. Whitney of Ipswich. Dr. Whitney comes to Arlington on scheduled days to handle the specialty practice. He maintains a practice in Ipswich.

Dr. Whitney is instructor of visual training at the Massachusetts School of Optometry in Boston. He has been continually in contact with the latest developments in the field of visual training through post graduate courses.

Dr. Whitney is a graduate of the Pennsylvania State College of Optometry, Philadelphia, Pa. After graduation he remained as a member of the faculty of that institution. In addition, he served as assistant chief in the college clinics that care for over 18,000 patients yearly.

He is a member of the Massachusetts Optometric Association, the American Optometric Association and Omega Delta, a national professional fraternity.

Traffic

be carried to completion with the cooperation of the State and County. The total construction cost of the project has been estimated by an expert at \$125,000, exclusive of land takings which would be required. The total 1948 assessed value of the properties involved is approximately \$50,000. It is expected that the town, County and State will share the cost of the project if it is carried out.

Briefly, the project aims to re-

lieve the congestion caused by automobile traffic moving through Arlington Center via Pleasant st., Medford st., and Mystic st., a problem which has existed for years and which has been likewise studied for years. The matter was brought to a head last March when an appropriation was voted to make a study of traffic flowing through the Center. The Planning Board, as a result, engaged John T. Blackwell, a professional planning consultant, who was present at Monday night's conference. In conjunction with the study, the Police Department made a traffic count and a survey of the origin and destination of traffic passing through the Center.

The traffic count was taken during the rush hours, between 7 and 10 a.m., and 4 and 8 p.m. By questioning motorists it was found that only 25 percent of the traffic moving over Pleasant st., was concerned with Arlington, according to Mr. Blackwell. The remaining 75 percent of the cars coming out of Pleasant st., onto Massachusetts ave., were found to be merely passing through Arlington for destinations outside the town limits. The problem resolved itself in "getting rid" of this traffic as quickly and smoothly as possible, leaving Massachusetts ave., free for those who are shopping in the Center.

To solve the problem, the Planning Board proposes what amounts to an extension of Pleasant st. Blueprints produced by the Planning Board call for the re-location of Mystic st., from Chestnut st. to Massachusetts ave. This street would be "bent" between these two points so that it would cut through the former Peirce & Winn property (now owned by the Town) and come out opposite Pleasant st. The long pie-shaped land which would be left in front of the block of stores on Mystic st., by the re-location of Mystic st., would be used as an auto parking area.

Would Raise Old Town Hall Prescott st., would be extended north and south to connect with Summer st., at Mystic, and Pleasant st., at Massachusetts ave. One set of plans shows Prescott st. coming out to Massachusetts ave., alongside the old town hall building. Another shows Prescott st. running to Massachusetts ave., alongside the Arlington National Bank Building. This plan, which calls for the razing of the old town hall has been favored by all boards consulted thus far, according to Harvey Abbott, chairman of the Planning Board, who explained the entire project.

He said many feel that this antiquated building is an eyesore and should be torn down if Prescott st. is extended to Massachusetts ave. Questioned by newspapermen, Mr. Abbott said the Selectmen had available space for all the tenants in the old town hall should the building be razed. He did not elaborate on this point.

Furthermore, the plans call for a modest widening of Chestnut st., and the extension of this street from Mystic to Prescott, cutting through a portion of the new A. & P. parking lot off Mystic st. One-way Traffic Planned

This is how traffic would move: Mystic st., would be one-way, northbound from Massachusetts ave. to Rangeley road. Prescott st. would be one-way, southbound, from Summer st. to Pleasant st. The extension of Chestnut st., would be one-way, from Mystic to Prescott st.

Thus, traffic coming over Route 60 (Pleasant st.) and headed for Medford or points north would move in one direction down Mystic st. Traffic coming from Winchester and points north (over Route 3) would move over Prescott st., cross Massachusetts ave., and hit Pleasant st., in a straight line, or it could turn right at Massachusetts ave.

The proposed plan would eliminate the "S" turn now made by traffic coming out of Pleasant st., and turning left down Medford st., to cross the town.

The land takings would be kept at a minimum. They involve the moving of two structures and the razing of three others, plus widenings which would be "modest".

The plan has been discussed by the Planning Board with Middlesex County Commissioners and the County engineer, all of whom were favorably inclined, according to the Planning Board. The County is interested since Mystic st., would be county ways. Chief of Police Archie F. Bullock is wholeheartedly in favor of the project, Mr. Abbott said.

"This is not a pipe dream, thought out overnight," Chairman Abbott said. "Rather, it is based on a lengthy study. We of the Planning Board feel that we have arrived at a foolproof setup and we hope the town will go along with us. We believe it is up to the town to decide, through the town meeting members. We don't want to be forced to 'sell' the idea. If the town meeting members do not favor it they shouldn't vote for it. However, we feel that anyone can come up with a better plan."

Says Parking Not Affected Asked what would become of the Peirce & Winn property which would necessarily be cut up to make room for the relocation of Mystic st., and the extension of Prescott st., Mr. Abbott reminded newspaper representatives present that this property was bought for parking or other municipal purposes. However, he maintained that actually, the changes will provide parking space for more cars than would be provided if all the Peirce & Winn land were used for this purpose. He insisted no land will be lost for parking and facilities will be provided for 200 cars rather than 175 as originally estimated for the Peirce & Winn lot.

Mr. Abbott predicted that because of the freer flow of traffic, large business concerns would be attracted and the area off Prescott st., between Massachusetts ave., and Summer st., would eventually be developed for mercantile purposes, thus bringing additional revenue to the town, if the project is carried out.

Youth Concert Set For February 5, 12

The Philharmonic Society of Arlington, Leo Litwin conductor, under the auspices of the Arlington Council of Parent-Teacher Associations, will present two youth concerts for students in grades one through six and seven through 12 on Sunday, Feb. 5, and Sunday, Feb. 12, at 3:00 p.m. in the Robbins Town Hall.

Seventeen-year-old Barbara Ward will be clarinet soloist in Weber's Concerto for Clarinet. The daughter of Mr. and Mrs. Frank E. Ward of 42 Peirce st., Miss Ward is a senior at Arlington High

School where she is first clarinetist in the high school orchestra and an honor student. She is also first clarinetist in the Arlington Academy Concert Band.

Barbara first studied clarinet under her father who is dean of the Arlington Academy of Music. She continued her musical studies at this school, in clarinet with Robert Stuart and at present with Harold Miller, C.B.S. soloist, in piano with John E. Hasson, and in solfège with Mrs. Anastasia Sykes.

Twenty-one-year old Norman H. MacNeil will substitute as violin soloist for Francis Fabry who was chosen by the Philharmonic Music Committee last spring. Mr. Fabry has enlisted in the U. S. Navy and is at present at the U. S. Navy School of Music in Washington, D. C.

He made his debut as violin soloist with the Arlington Philharmonic Society in 1948. He makes his second appearance with the Philharmonic as soloist in the Finale from Mendelssohn's Concerto in E Minor.

Mr. MacNeil, the son of Mr. and Mrs. Hector N. MacNeil of 45 Claremont ave., is a student under Alfred Kijs, assistant concertmaster of the Boston Symphony Orchestra, at the New England Conservatory of Music. He is a graduate of the Arlington schools and attended Harvard College.

Norman began his musical

career as a student of Leonard Wood at the Arlington Academy of Music where he was later on the teaching staff. For the past 10 years he has been a featured guest artist in many local clubs.

Tickets for the concerts will be on sale in the schools, at Farrington's Record Shop and at the door.

CAMP MENOTOMY MORTGAGE BURNED AT LARGE GATHERING

A large and friendly crowd braved the rain and ice Tuesday night to join in the dinner and ceremonies at the Unitarian Church vestry celebrating the final payment of the total indebtedness of Arlington Girl Scouts' Camp Menotomy. One hundred and fifty people, many of whom have worked for the camp since its beginning 11 years ago, applauded when Mrs. Harold Yeames and Mrs. Roderick Peters burned the mortgage.

Present at the head table were Atty. Albert W. Wunderly, toastmaster; Mrs. Gordon Williams, Girl Scout Commissioner; Dr. Lendon Sneeder, assistant administrator of the Children's Hospital, who spoke on the value of camping; Mrs. Harold Yeames, who gave the history of Camp Menotomy; Mr. Eames, Mr. and Mrs. Roderick Peters, Mr. and Mrs. James Kidder, Mrs. Frederick Fish, Community Adviser with the National Girl Scout organization; and Arthur J. Mansfield. Their work in the interest of the camp was singled out by the toastmaster.

Special tribute was paid to the work of Mr. and Mrs. James Bailey, Mr. and Mrs. Herbert Buttrick and Ernest W. Davis. Barbara Gaudet spoke for the Brownie Campers, Betty Center for the older campers, and Mrs. Lee Cursey Klein for the campers of early years. A ceremony was written and prepared for the occasion by Miss Mary Leveroni, executive secretary, assisted by Mrs. Edward Center and 12 Scouts. As the mortgage was burned, lights were dimmed and the 12 Scouts appeared, each carrying a large "illuminated" letter to spell the word "Camp Menotomy."

Waitresses were nine Scouts from Troop 7, dressed in the green pinafores and white blouses they will wear next month when they begin their hospital aide work at Symmes Hospital, directed by their leader, Mrs. Stewart Whitehouse. They were Lois Twitchell, Joan Buckley, Janet Richards, Rosamond Hanlon, Joan Campbell, Pat Staples, Ann Staudinger, Helena McCoy and Barbara Judd.

Evergreens were used as centerpieces on the long tables with green candles in candelabra made

from birch logs. Individual favors were tiny green flags with the words Camp Menotomy.

The ceremonies were brought to a close with the singing of Taps by Sarah Weston, after which the Girl Scout Camp movie was shown. The committee in charge included Mrs. Williams, Mrs. Bailey, Mrs. Kidder, Mrs. Yeames, Mrs. Peters, Mrs. Kenneth Reed, Mrs. Harold Noreen, Mrs. Forrest Cameron, Mrs. Justin McCarthy, Mrs. Norris Hoyt, Mrs. T. F. McCoy, Miss Mary Leveroni and Mrs. Mary Bradford, chairman.

The original mortgage on the camp was for \$10,000 of which the \$2,900 balance was paid off late last year through the generosity of 29 underwriters.

Chief

(Continued from Page One)

Amid the flashing of photographers' bulbs, Jackie Sefton, age 10, presented to Chief Bullock the official Arlington Boys' Club Plaque while Richie Iannessa, age 12, Jimmy Spartichino, age 13, Dave Donnelly, 13, and Bob Mooney, 14, added their congratulations to the man who had made their everyday lives so much richer and happier by working with his fellow townfolk to bring the Boys Clubs of America program to Arlington.

At the friendly little ceremony Chief Bullock told the boys that they were always welcome to visit him and that he would continue to help the Boys' Club to eventually get the modern clubhouse that the greatly enlarged membership needed.

Menotomy Art Classes To Be Resumed Feb. 4

The Menotomy Art Center will resume its second session of art lessons Feb. 4 at Junior High Center. Registration will be held next Monday from 2 to 4:30 p.m.

Arlington school pupils who have not attended these classes in the past may obtain registration blanks at their schools. The registration fee is five dollars for 10 classes. Pupils from the 4th grade through high school, who are interested in art, may attend.

Mrs. Ralph Spaulding is chairman of the project sponsored by the PTA Council.

NEW BUILDING PERMITS

Building permits have been issued to the following: John C. Rohner of Everett for a one-family house to be built at 14 Beverly road for Robert O'Connor; to Harrington Homes, 88 Bay State road, for a single at 18 Spy Pond parkway; and to Benjamin J. Gott of 136 Charlton st., for a single at 292 Summer st.

THREE FELLED BY GAS FUMES

The fire department special service truck and the police ambulance were rushed to 10 Mt. Vernon st., where three persons were overcome by gas fumes about 8 o'clock Sunday night.

Dr. Leroy M. Titelbaum, who was summoned, revived the three victims. They were Mrs. Annie Cronin, 72; Miss Anne Cronin, 32; and Robert Cronin, 8, according to police. A faulty hot water heater in the kitchen caused the accident, police said.

Miss Cronin was unconscious when Dr. Titelbaum arrived. He directed the firemen who administered oxygen to revive the two women. The boy was not seriously affected by the fumes.

Firemen responded to an alarm for a defective oil burner in the auto showroom at 22 Massachusetts ave., about 7 o'clock Monday morning.

Why Should a Dollar's Worth of Travel Continue to Cost You \$1¹⁵?

"IS THIS TRIP NECESSARY?" you were asked in 1941, when every inch of space was needed for troops and war supplies.

To discourage travel then, a tax was added on your travel dollar, a tax that grew to 15% during the war. The Federal Government collected it through the railroads. The Government still collects it, though your travel need not be rationed now.

Today, the original purpose of this tax is as obsolete as an Air Warden's helmet. But, four years after the war's end, YOU are still paying the Government at the rate of \$250,000,000 a year in travel tax.

And, of the billion and three quarters collected since 1941, over half came out of your pocket after the green light on travel went on again.

You don't have food rationing today... you don't have gasoline rationing today.

Yet, a very real brake is still being put on travel. On a coach trip from New York to Chicago, for example, YOU are still paying \$4.61 in Federal tax.

And the same with the goods that are shipped to your home community. On every dollar you pay for freight, you pay the Government an extra 3 cents (4¢ a ton on coal). That means YOU are still paying over \$300,000,000 a year — freight tax alone.

This tax should be repealed NOW. There is no longer any reason you should pay \$1.15 for every dollar's worth of travel... \$1.03 for every dollar of railroad freight.

THE UNITED PARTY PLATFORM

Shall we advance in the medical field? Or shall we let disease destroy us? A vote at the polls in 1952 for Riley Alvin Bender of Chicago, Ill., for President of the United States on the United Party ticket will produce a miracle in the medical field. Various type deadly diseases, including external cancer, are curable, in extreme cases also, using the famous Irish cancer formula. We also will use German, Norwegian, and various other type formulas which have been used by experts with never-failing results.

The United Party pledges lower taxes, advanced medical knowledge, health, more homes, security to the farmers and labor, security for national defense, homes for the aged, state and government help. For President, Riley Alvin Bender, American born, age 59. Not a Communist, an All-American Party. In God We Trust, and your good judgement at the polls Nov. 1952. Remember us and we will remember you. Shall we advance? If we lose, all formulas will be destroyed day after election. Let's have a better America. National Secretary, Oliver Amlie, P.O.
